Have a Home Garden. One of the most important things that demand the farmer's attention now is the home vegetable garden, according to Clemson College. He should already have his garden planted. However, it is not too late. Winter greens will save him more on his supply bill than he may now realize.

COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Weyth's Sage and Sulphur Compound" for 10 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears; but what delights the ladies with Weyth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff itching scalp and falling hair.

AMOUNT OF FEED FOR HOGS

Must be Guided by Object in View. Watch Pigs Carefully.

The object desired must guide one in determining the amount of food that should be given to hogs at various stages of their growth, according to R. L. Shields, professor of animal husbandry at Clemson College.

The natural desire and purpose is to keep pigs in thrifty condition and avoid allowing them to become stunted. Pigs should be watched carefully and should be fed about what they will clean up readily. (If they lose appetites, cut down the quantity of concentrates.) It is better to have them eat something greedily than to have them indifferent about their feed.

For fattening hogs corn may be used freely during the finishing period of fattening. It is a splendid feed for this purpose. It is a mistake to conclude that hogs must be fed corn from weaning time until ready for the corn belt. Excessive use of corn is both injurious to development and expensive. A liberal use of legumes, as cowpeas, soy beans, peanuts and the clovers is much better. In feeding concentrates to brood sows on pasture, it is advisable to feed about 2 pounds to each 100 pounds of live weight. However, the condition of the sow should determine the amount.

There will be profits for any South Carolina farmer who breeds his this winter. Any who desire information about any phase of swine raising can secure it by writing to Clemson College.

Bulletins on Cooperation.

The University of Texas has recently issued a valuable bulletin entitled "Cooperation in Agriculture, Marketing and Rural Credit," compiled by Professors Charles E. Austin and George S. Wehrwein of the department of extension, University of Texas, Austin. Readers interested in cooperation will do well to get this bulletin, and also Circular No. 123, "Fundamental Principles of Agricultural Cooperation," just issued by the California experiment station, Berkeley, California.

We also remind our readers again of the new bulletin by Prof. T. J. Brooks, "The Business Side of Farming," which may be had free by writing the Mississippi A. and M. College, Agricultural College, Miss.; and Prof. W. R. Camp's bulletin on "Agricultural organization and cooperative societies," published by the North Carolina Agricultural experiment station, Raleigh. Two farmers' bulletins issued by the United States department of agriculture should also be added to this collection—No. 52, "Marketing Farm Products," and No. 53, "How to Use Farm Credit."—The Progressive Farmer.

Have You Been Gone?

A manufacturer from the North stopped me on the street in Memphis the other day and asked me: "Martin, can the Southern farmers come back from this awful lot they had this fall?"

Made me mad and I replied as I walked off—Fardon me they are all here!

Some people in the North have construed this "Buy-a-Bale" movement as the "S. O. S." of a sinking ship.

We are not broke by a long sight—eh folks?

I wish I was rock
 A-still on a hill,
 A-ain' nothin' all day long
 But just a stin' still.
 I wouldn't sleep; I wouldn't eat;
 I wouldn't even wash.
 I'd last still a thousand years,
 And rest myself, by Gosh!

—Exchange.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Beware Today; Unlucky Date.

Anderson people will do well today to beware of impending dangers and to take every precaution in anything involving a considerable sum of money, future happiness, health or love affairs. For why this great vigilance? Today is Friday, the 13th, and therefore a day on which ill-fortune may strike any and old alike. Should a citizen be so unfortunate as to let a black cat run across his path today and accept a two-dollar bill his fate will be sealed.

Congressman Hefflin Was Here Last Night.

Congressman J. Thomas Hefflin of Alabama, who is making a speaking tour of South Carolina, spent last night in Anderson, the guest of Rev. Dr. W. H. Frazer. Mr. Hefflin spoke to a large audience in Anderson Monday night and delighted the crowd. (The congressman expresses it as his opinion that the war in the foreign countries will hardly continue for more than another six months and expects it to be over with by next Spring. Dr. Frazer and Mr. Hefflin are meeting with success in their tour of the State and are delighting the audiences wherever they go.

Florence Idea May Be Tried Locally.

Anderson people familiar with the idea advanced by the Florence chamber of commerce for having a "pay-up" day say that the idea might do very well here and it is possible that it will be put into execution at a little later date. The idea is to set aside December 1 as pay-up day in Florence and on that date have all the farmers in the county owing money to bring in at least one bale of cotton. This will be paid on account to all those merchants and business men willing to accept it at 10 cents per pound. The idea seems to be a good one, according to some of Anderson's business men.

More Gamblers Are Being Tried.

Magistrate Broadwell says that there is evidently no rest for the weary in a magistrate's position in Anderson county. During the past week he has had over 25 cases of gambling on his blotter and all of these have been tried and disposed of. Yesterday the magistrate tried the following cases: Jesse Williams, Jim Williams, Will Fice, Will Wiley and Luther Owens, all guilty of gambling and fined \$20. Jim Jones and Warren Jones were convicted on a similar charge and sentenced to 30 days on the chain gang while Albert Brown and Rufus Brown were tried and acquitted. As a result of the raids made by the county officers on the numerous "crap" games, Anderson county's treasury is considerably richer.

Runaways Dashed Against Automobile.

Taking fright at an approaching automobile on the square, a team of mules belonging to Mrs. Ed Smith ran away yesterday morning and did considerable damage. The animals were hitched to a wagon and a negro driving. They ran into a telephone pole on the square, badly damaging the wagon and harness, sideswiped T. J. Bell's automobile, doing it considerable damage, and then ran into the wagon of the Peoples Furniture company, knocking the horse attached to the furniture wagon to the ground and damaging the wagon. The furniture dealers doing business along the square say that they are always ready to receive customers but not when they are driving into the buildings in a wagon.

Usual Number of Tourists Coming.

People who spend much of their time upon the streets of the city are commenting on the fact that more tourists are coming through Anderson each day now than this city ever saw before. This certainly seems to indicate that times are not so hard all over the country and that some people have money. Most of the autoists coming through the city are bound for points in Florida.

Salvation Army Making Plans.

The local post of the Salvation Army has already set about making plans for properly taking care of the poor people of the city when Christmas comes. They are trying on all sides to get sufficient funds to arrange for a splendid Christmas dinner and they are also soliciting gifts of clothing, shoes, etc., that the poor people of the city may be materially aided. This is a work in which all Anderson should be interested and every one should be willing to give. Esign Belcher and his assistants every possible encouragement.

Broke a Bone In His Toe.

People with soft bones will learn with great alarm of an accident which occurred to John Bouchillon, as he was walking along Piedmont street Thursday night. Mr. Bouchillon stepped into a gully on one side of the pavement and as he did so he broke one of the small bones in a toe. He had an X-ray picture made of the injured member yesterday morning and medical assistance was then rendered. He was forced to walk on crutches yesterday and is suffering much inconvenience as a result of the mishap.

Will Make Connection On the Carolina Special.

As a result of the changes in schedule on the Piedmont and Northern lines, Anderson people will hereafter be able to go to Columbia via Spartanburg without having to experience a long and necessarily tiresome wait in Spartanburg. Since the changes have been made it is now possible to make connections with the Carolina Special in both directions.

Contractors Promise To Build a Floor.

According to telephone messages received in Anderson yesterday, a temporary floor will certainly be laid in the Anderson court house before court convenes next Monday morning. Some fear had been entertained that the work might not be finished but yesterday morning a member of the firm of Cox-Mitchell Lumber company, of Belton, the contractors in charge of the work, advised Anderson officials that the floor would be in place.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Interested in Appointment Here.

As the time for Postmaster Cochran's term at Anderson draws nearer and nearer, there is great interest being manifested in all parts of the city over who will succeed Mr. Cochran in the local office. There are some several dozens applying for the position and who Congressman Aiken will name for the Anderson plum is a matter of general interest. All the applicants are convinced that no other citizen has a chance at the job and there the situation stands. Mr. Aiken will necessarily make his recommendation within the next few weeks.

Mr. Blech Has Returned Home.

C. H. Blech, who has leased the new Anderson theatre, left the city yesterday afternoon at 4:40 o'clock for his home in Hopkinsville, Ky. Mr. Blech will return to Anderson on January 1, at which time he will move his family here, and will then remain in the city. He plans to open the new amusement place on the night of February 1 and a splendid attendance is expected.

Mr. Coffee Was Here Yesterday.

R. M. Coffee of Charlotte, claim agent for the Piedmont and Northern railroad and affiliated interests spent yesterday in Anderson. During the illness of Agent Rhodes in Greenville, Mr. Coffee is having to attend to the Anderson division as well as his own. He was here yesterday merely on a trip of inspection.

Ralph Wilson's Doll Party.

The general public is very cordially invited to attend Ralph Wilson's Doll party to be held at the store of Moore-Wilson Co. on Monday afternoon, December the seventh, at which time the beautiful doll so artistically dressed (?), which is now on display in the north show window will be given to the fortunate person holding the correct number or coupon. Mr. Wilson, knowing the love which each and every female, be she four or 40, has in her heart for dolls, set upon the plan of giving this beautiful doll away on the plan of one coupon with every dollar bill on account, or purchased—provided the cash accompanied the purchase—and on Monday, December 7, to have some one draw out a lucky number from the hat, and then present the doll to the lucky one.

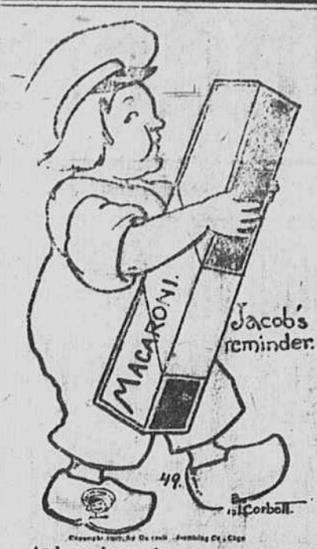

William H. Smith Died in Indiana.

Friends and relatives of Dr. William H. Smith will be grieved to learn of his death which occurred in his home in Bushville, Indiana, on Tuesday of this week. Dr. Smith was in his 55th year and it is supposed that his death was due to complications. Dr. Smith was a son of the late Moses Smith who lived near Donalds until their removal to Indiana where they have resided for more than three-quarters of a century. Mr. Smith, in company with his brother, had his friends and relatives in South Carolina a visit three years ago and several will remember the fall he sustained while at the home of Mr. G. P. Brown of this city, from which he never fully recovered.

Mill Men Will Have Banquet Tonight.

Commencing at 8 o'clock tonight, the friends of the second hands and section men of the Anderson mills will be treated to a feast which is an annual event with the men of the mill. This year's feast will surpass any affair yet given by the section men to their friends. The following have been invited to attend the supper: Messrs. B. F. Aiken, W. C. Austin, C. A. Mattison, F. L. Campbell and W. P. Wright of the Anderson cotton mills. They have also invited Mr. Jas. D. Hammett, president of the mill; Mr. J. M. Cathcart, secretary of the mill; Mr. Tavenor LaFoy and Mr. E. P. Orr of the office, the Rev. S. W. Dancy, Gen. M. L. Richman, Secretary P. M. Burnett, Mayor Coffey and others, to attend the annual feast.

It is the responsibility of the State to provide the equal opportunity for every man to own land.

Macaroni

One of the big trades offered for Saturday and Monday down to 212 S. Main St., is Macaroni. Now just what about it. 3 pounds for 25c. Me and Ma have tried it and we know there is none better. And that Rio Coffee, 7 pounds for \$1.00 is a wonder.

I tell you folks you can't afford to miss buying such good coffee so cheap.

And nowhere else can you buy 10 pound buckets of lard for 95c. Ma says her sister Jane pays \$1.25 for the same lard. But we've heard it talked round that she don't pay her grocery bill every month. Me and Ma does and we get our groceries just like handing the money down for them. You should ought to see that window all dressed up with fresh meats. There are whole hogs, quarters of beef, all pure sausage, pork chops, hams, mutton, etc. Just inside the store is fresh fish and oysters and they are beauties. That good old cream cheese, mince meat, raisins, pickles, nuts, etc., makes a boy's eyes dance and his mouth run water. You can do as you please "Bud," but me and Ma are going to trade with

W. A. POWER

212 S. Main "Jacob"

FROM SEPTUS

With the exception of Mrs. T. J. Elliott, who has been quite sick for the past month, the health of the community is good and we have at least this much for which to be thankful.

With the harvest acreage of small grain already sown in this community and with a big corn crop to be planted in the spring, old King Cotton will get a shock in 1915 by the farmers of Septus that he will not soon forget. Very little cotton and guano, is the slogan of our people up here, Mr. Editor, and it's not going to take any man-made law to force us to it either.

Mr. Jack Elgin and sister, Miss Avis of Anderson made a flying trip to Septus last Tuesday.

Mrs. Pat Francke of Ninety-Six is spending a few days with her brother, Dr. W. S. Hutchinson and family.

We were indeed sorry to hear of the death of our friend Mr. E. A. Mullikin of Beaverdam. "Lon" Mullikin, as he was known to his friends, was a model husband and father. He was a good friend, a fine neighbor and a high-toned Christian citizen and with this what greater heritage could he have left his loved ones.

We very deeply sympathize with the bereaved wife and children in their sad affliction.

Prof. Jeyro—Yes, boys, the pen is mightier than the sword.

Ralph McAllister—Then Professor, could a boy be prosecuted for carrying weapons when caught with a fountain pen in his pocket?

Miss Annie Mullikin of Abbeville visited her parents, Mr. and Mrs. J. W. Mullikin here last Saturday and Sunday.

One way of saving money is to only lend that fellow five dollars when he strikes you for a ten spot.

Mr. and Mrs. Boyce Elliott and little son of Birmingham, Ala. are here to spend several weeks with Mr. Elliott's parents, Mr. and Mrs. J. T. Elliott.

And now it is said that a Pendleton lady has changed the color of her hair from brown to red in order to gratify her husband's request.

Piercetown Father—And how, my son, if you live beyond your income you are sure to come to grief.

Son—And if I have to live within my income, dad, I am going to perish to death.

Suit an array of good porkers will soon meet their Waterloo at the

hands of the Septus farmers.

Already our friend Allen McAllister has sent the writer a nice dish of fresh sausage, ground and seasoned to the queen's taste. Who'll be the next?

The Lord loves a cheerful giver, and so does

"Casey"

Scripty

MRS. W. A. HUDGENS, Editor Phone 37.

Miss Cann to Wed.

Mr. and Mrs. N. W. Cann announce the engagement of their daughter, Una, to Mr. Merrell C. Lowe. The wedding will take place at the home of the bride, Thursday, December 3rd, 1914.

Mr. Walter Beatty has returned from a two weeks' visit to relatives in Columbia and Charleston.

Miss Aldrich, who has been the guest of her sister, Mrs. M. L. Bonham, for several weeks, has gone to Greenwood to visit relatives.

Mrs. D. A. Gear, Mrs. H. M. Geer, and Mrs. W. M. Mitchell of Belton spent yesterday with friends here.

Misses Marie Elms and Sara Babb spent the week-end with friends in Anderson.—Easley Progress.

Miss May Wiggington of Piedmont and Miss Janie Garlington of Laurens are spending the week-end with Mrs. T. A. Wiggington. Miss Garlington is the training demonstrator for Laurens county.

Mrs. Fred Brown of Rivoli was here yesterday for a few hours.

Dr. and Mrs. Harrison reached home yesterday from their wedding trip and are with Mrs. Pruitt's parents, Mr. and Mrs. James E. Anderson. The first of next week they will move into a cottage on North Fant Street.

Mr. and Mrs. R. S. McCulley have moved into their pretty suburban home just two miles west of town.

Miss Ida Allen has returned to her home in Lawrenceville, after a visit to relatives here.

You can get the news while its new in The Morning Daily Intelligencer.

AT THE PALMETTO SATURDAY.

Local cotton buyers were offering only 73-3 cents on the local market yesterday and but few bales of cotton were marketed. It is understood that the Anderson market continues very favorably with the other towns and cities in this immediate section and that Anderson buyers are doing the best they can.

Brought Over In For Display.

L. C. Palmer of the Concord section brought some agricultural machinery to Anderson yesterday and placed them on exhibition in the rooms of the Anderson chamber of commerce. Mr. Palmer says that this year was planted on June 15. He believes that his entire corn crop, raised on upland, will yield at least 60 bushels per acre.
